<sup>1</sup> Yield to Maturity is for reference only and does not represent the actual performance of the Fund. A positive yield does not imply a positive return. <sup>2</sup> Maturity breakdown reflects the final maturity date for the underlying securities in the portfolio (excluding cash). <sup>3</sup> The assessment of each award category is based on 3 weighted criteria, and one weighted criterion based on feedback from private banking fund selectors. The weightings includes product performance (30%), asset gathering (20%), service competency/quality (20%) and fund selector feedback (30%). <sup>4</sup> Benchmark's top Mutual Funds are selected based purely on quantitative data in its BlueOnion fund database. The subset awards strategies who have demonstrated medium-to-long-term tangible outcomes without subjecting the investors to unnecessary risks. <sup>5</sup> The ranking for top investment houses in Asian G3 bonds is generated from the number of votes received from the top-rated analysts, economists, strategists, salespeople and traders, for investors in these institutions. The score is also subject to a weighting methodology determined by the rating of the individual casting the vote for the investor. A total of 430 different institutions were evaluated and shortlisted to produce the 2020 ranking. <sup>6</sup> The awards recognize the top performing Greater China Fixed Income funds issued by CAM/AMK members with at least 1 year of historical performance as of 30 Sep 2020. The Best Total Return calculation methodology, Bloomberg calculates the customized 1 year, 3 years and 5 years total return using Bloomberg calculate field "RT095-Custom total Return Holding Period". <sup>7</sup> The award reflects performance up to 31 Dec 2019. <sup>8</sup> For Hong Kong investors only. Investors should note investment involves risk and past performance is not indicative of future results. Investors should read the explanatory memorandum for details and risk factors in particular those associated with investment in emerging markets.
